SUMMARY

Self-taught software developer with a healthcare background, passionate about building user-friendly applications and solving real-world problems. Proficient in modern web technologies with hands-on experience in React, Node.js, and MongoDB. I am eager to contribute to a dynamic tech team, collaborate on innovative projects, and continue expanding my technical expertise.

TECHNICAL SKILLS

- Languages: JavaScript, HTML, CSS
- Frameworks & Libraries: React, Next.js, Node.js, Express.js, Tailwind CSS
- Databases: MongoDB, Supabase
- Tools & Platforms: Git, GitHub, VS Code, Figma
- Soft Skills: Problem-solving, Critical Thinking, Team Collaboration

PROJECTS

Travel Planner (<u>GitHub</u> | <u>Live Demo</u>)

- Built a React-based travel planning app that allows users to create and manage a customizable packing list.
- Implemented item tracking, quantity selection, and a reset feature for an intuitive user experience.
- Designed with a responsive UI for seamless use across desktop and mobile devices.

♦ CinemaTrack (GitHub | Live Demo)

- Developed a movie tracking app using the OMDB API to search, rate, and manage a watchlist.
- Enabled users to view detailed movie information and track their watched movies with runtime and ratings.
- Designed a responsive interface optimized for both desktop and mobile users.

The wild-oasis-website (<u>GitHub</u> | <u>Live Demo</u>)

- The Wild Oasis Website is a modern web application designed to streamline the process of managing cabin reservations for a vacation rental business.
- This project offers a user-friendly interface for guests to book cabins and manage their reservations.

CERTIFICATIONS & EDUCATION

- The HTML & CSS Bootcamp 2024 Edition Colt Steele (Udemy)
- The Ultimate React Course 2024: React, Next.js, Redux & More Jonas Schmedtmann (Udemy)
- The Web Developer Bootcamp 2024 Colt Steele (Udemy)

ADDITIONAL INFORMATION

Passion for Continuous Learning: Constantly improving my skills through online courses, hands-on projects, and community engagement.

Contributions to Open Source: Actively exploring and contributing to open-source projects to enhance collaboration skills and real-world experience.

Problem-Solving Mindset: Enjoy tackling coding challenges, debugging issues, and finding efficient solutions to technical problems.

Networking & Mentorship: Engaged in developer communities on GitHub, Twitter, and LinkedIn to connect with industry professionals and mentors.
